

MODULE 4: FACILITY CASE SUMMARY

Interviewer Name _____ Date (d/m/y): ___ / ___ / ___ Facility name _____

INSTRUCTIONS:

Please begin this module by telling the medical director or matron that you want information on the number of deliveries, the mode of delivery, obstetric and abortion-related complications, and the number of maternal and newborn deaths that have occurred in the past year. S/he should be able to tell you which registers and data sources are in use at this facility which might be helpful. Refer to the Flow Chart on pages 31-32 of the Data Collector's Manual and use it as a reminder of which registers you should consult for which items. These will be the data sources you will want to consult for this module.

Section 1: Registers

In addition, ask if the registers below are used in this facility for maternal and newborn care. Ask if there are additional registers not mentioned here.

No.	Registers and Data Sources	Is register used at this facility?	
		Yes	No
1	Labor and delivery ward register	1	0
2	Postnatal care ward register	1	0
3	Newborn unit register	1	0
4	Operating theater register	1	0
5	Gynecology ward register	1	0
6	Safe abortion/post abortion register	1	0
7	Discharge register	1	0
8	Death/mortuary register	1	0
9	PMTCT labor and delivery register	1	0
10	Referral register	1	0
11	Monthly/annual facility summary reports	1	0
12	Antenatal care register	1	0

Section 2: Data for Indicators (provide the number of cases for each category)

No.	Year:	Apr 2009	May 2009	Jun 2009	Jul 2009	Aug 2009	Sept 2009	Oct 2009	Nov 2009	Dec 2009	Jan 2010	Feb 2010	Mar 2010
13	New ANC registrants												
Deliveries													
14	Spontaneous vaginal deliveries (normal, breech, face)												
15	Deliveries with vacuum extraction												
16	Forceps deliveries												
17	Craniotomies/ Embryotomies												
18	Cesarean deliveries (emergencies and electives)												
19	Laparotomies (for ruptured uterus)												
20	Total deliveries (add rows 14-19)												

PAC and family planning													
No.	Year:	Apr 2009	May 2009	Jun 2009	Jul 2009	Aug 2009	Sept 2009	Oct 2009	Nov 2009	Dec 2009	Jan 2010	Feb 2010	Mar 2010
21	Postabortion care (PAC) cases												
22	Postabortion women discharged with a family planning method												
23	Postpartum women discharged with a family planning method												

No.	Year:	Apr 2009		May 2009		Jun 2009		Jul 2009		Aug 2009		Sept 2009		Oct 2009		Nov 2009		Dec 2009		Jan 2010		Feb 2010		Mar 2010	
		A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R
Direct obstetric complications		A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R
24	Antepartum hemorrhage																								
25	Postpartum hemorrhage																								
26	Retained placenta																								
27	Prolonged/obstructed labor																								
28	Ruptured uterus																								
29	Postpartum sepsis (includes septicemia)																								
30	Severe pre-eclampsia/ eclampsia																								
31	Abortion complications (hemorrhage and/or sepsis)																								
32	Ectopic pregnancy																								
33	Other direct obstetric complications*																								

* Examples of other direct complications include: premature rupture of membranes, preterm labor, post-term labor, previous cesarean, cord prolapse, and multiple gestations.

A = admitted
R = referred out

No.	Year:	Apr 2009		May 2009		Jun 2009		Jul 2009		Aug 2009		Sept 2009		Oct 2009		Nov 2009		Dec 2009		Jan 2010		Feb 2010		Mar 2010	
		A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R
Indirect obstetric complications		A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R	A	R
34	Malaria																								
35	HIV/AIDS-related																								
36	Severe anemia																								
37	Sickle cell disease crisis																								
38	Hepatitis																								
39	Other indirect complications**																								

** Examples of other indirect complications include: typhoid, cardiac disease, diabetes (including gestational diabetes),TB, etc.

A = admitted
R = referred out

No.	Year:	Apr 2009	May 2009	Jun 2009	Jul 2009	Aug 2009	Sept 2009	Oct 2009	Nov 2009	Dec 2009	Jan 2010	Feb 2010	Mar 2010
Maternal deaths – direct obstetric causes													
40	Antepartum hemorrhage												
41	Postpartum hemorrhage												
42	Retained placenta												
43	Obstructed/prolonged labor												
44	Ruptured uterus												
45	Post-partum sepsis (includes septicemia)												
46	Severe pre-eclampsia/ eclampsia												
47	Abortion complications												
48	Ectopic pregnancy												
49	Other maternal deaths due to direct causes***												

*** Examples of causes of maternal death due to other direct causes include: embolism, anesthesia, suicide, etc.

No.	Year:	Apr 2009	May 2009	Jun 2009	Jul 2009	Aug 2009	Sept 2009	Oct 2009	Nov 2009	Dec 2009	Jan 2010	Feb 2010	Mar 2010
Indirect maternal deaths													
50	Malaria												
51	HIV/AIDS-related												
52	Severe anemia												
53	Sickle cell disease crisis												
54	Hepatitis												
55	Other indirect causes [#]												
Maternal deaths due to unknown or unspecified causes													
56	Unknown/unspecified causes												

[#] Examples of other indirect causes of maternal death: cardiac disease, diabetes (including gestational diabetes), TB, etc.

No.	Year:	Apr 2009	May 2009	Jun 2009	Jul 2009	Aug 2009	Sept 2009	Oct 2009	Nov 2009	Dec 2009	Jan 2010	Feb 2010	Mar 2010
Newborn Outcomes													
57	Normal birth weight babies (≥ 2.5 kg; live births only)												
58	Low birth weight babies (< 2.5 kg; live births only)												
59	Babies born alive (birth weight unspecified)												
60	Fresh stillbirths (≥ 2.5 kg)												
61	Fresh stillbirths (< 2.5 kg)												
62	Macerated stillbirths												
63	Stillbirths (unspecified birth weight and/or timing of fetal death)												
64	Very early neonatal deaths (first 24 hours; ≥ 2.5 kg)												
65	Very early neonatal deaths (first 24 hours; < 2.5 kg)												

No.	Year:	Apr 2009	May 2009	Jun 2009	Jul 2009	Aug 2009	Sept 2009	Oct 2009	Nov 2009	Dec 2009	Jan 2010	Feb 2010	Mar 2010
66	Very early neonatal deaths (first 24 hours; unspecified birth weight)												
67	Early neonatal deaths, > 24 hours and <7 days												
Referrals													
68	Referrals out of this facility due to newborn indications [†]												

[†] If a referral was made for both obstetric **and** newborn indications, count as an obstetric referral.

Section 3: Quality of Registry Data

No.	Question	Has all columns completed?			Is up-to-date?		
		Yes	No	Not available	Yes	No	Not available
69	Based on your observations, would you say that the labor and delivery ward register :	1	0	9	1	0	9
70	Based on your observations, would you say that the abortion register :	1	0	9	1	0	9
71	Based on your observations, would you say that the operating theater log book :	1	0	9	1	0	9
72	Based on your observations, would you say that the emergency room register :	1	0	9	1	0	9
